The Boards of the African Development Bank met today to discuss the Management Action Plan in Response to the Independent Review Panel's Report on the Bujagali Hydropower and Interconnection Projects. Members of the Boards complimented Management on their constructive response to the Independent Review Report and emphasized the important lessons that the Bank had learned from the Independent Review Mechanism's work on the Bujagali project. At the end of the meeting the Board took note of the Management's Action Plan, and the fact that the Independent Review Mechanisms would be undergoing its mid-term review over the next few months. Following the Boards' meeting, the Bank and the CRMU have posted the Management Action Plan on their websites (www.afdb.org/irm).
