## NOTES

---

1. Les renseignements contenus dans la présente publication concernent les projets, présentés par les Pays Membres Régionaux (PMR), en faveur desquels un financement a été approuvé par les Conseils d'Administration du Groupe de la Banque pendant les six derniers mois et ceux qui sont envisagés pour être soumis à l'approbation du Conseil pendant les six prochains mois.
2. De nouveaux projets y sont inscrits lorsque la Banque est convaincue qu'ils méritent d'être financés. Des projets déjà publiés dans ce rapport peuvent également être retirés lorsqu'il a été décidé de ne plus les traiter.
3. Si l'emprunteur est le gouvernement d'un pays, le nom et l'adresse du département, du ministère ou de l'organe chargé de la mise en œuvre du projet sont indiqués. Lorsque l'emprunteur est autre que le gouvernement, son nom est indiqué en lettres capitales.
4. Les titres et les descriptions des projets sont provisoires. La lettre (N) placée devant le titre du projet signifie que ce dernier est nouveau dans la présente publication. La lettre (R) indique que le projet a été révisé depuis la dernière publication.
5. Les détails concernant chaque projet indiqué dans la présente publication s'inspirent des données disponibles à la fin du trimestre considéré. Ces données sont mises à jour chaque trimestre au fur et à mesure du traitement du projet.
6. Le montant probable du prêt est provisoire sous réserve d'une révision après l'évaluation du projet.
7. Le terme "Groupe de la Banque" comprend la Banque Africaine de Développement (BAD), le Fonds Africain de Développement (FAD) et le Fonds Spécial du Nigéria (FSN). Le montant probable du prêt est libellé en 1): UC. F.A.T signifie Fonds d'Assistance Technique (dans le cadre du FAD).
8. Toute demande de renseignements concernant tel ou tel projet doit être adressée à l'organe d'exécution dans le PMR emprunteur et non à la Banque.

## NOTES

---

1. The information provided in this publication relates to projects in Regional Member Countries (RMCs), for which financing has been approved by the Boards of Directors of the Bank Group during the last six months and those which are expected to be submitted to the Boards for approval during the next six months.
2. New projects are listed in the publication after the Bank is satisfied that they are suitable for possible financing. Approved projects will be deleted from this document after two subsequent publications. Projects may also be dropped if a decision is made not to proceed with further processing.
3. If the Government of a borrowing country is the borrower, the name and address of the Department, Ministry or Agency which is expected to implement the project are given. If the Government is not the borrower, the borrower's name is given in capital letters.
4. The titles and descriptions of projects are tentative. The letter (N) before the project title refers to a new listing in this issue of the publication. The letter (R) indicates that the project has been revised since the last publication.
5. Details relating to each project shown in this issue of the publication are based on information available at the end of the quarter under reference. The information will be updated quarterly as project processing advances.
6. The amount of the probable loan is tentative and is subject to review after project appraisal.
7. Reference to "Bank Group" in this publication refers to the African Development Bank (ADB), African Development Fund (ADF) and the Nigeria Trust Fund (NTF). Probable loan is expressed in 1): UA - "TAF" refers to Technical Assistance Fund loans under ADF.
8. All enquiries regarding information on any project should be referred to the Executing Agency in the borrowing RMC and not to the Bank.

		The LOC will strengthen BDC's liquidity and ability to finance beneficiaries in its target sectors e.g. agri-business, clean energy and infrastructure, on appropriate terms. It will further enable BDC to grow its loan asset base and rebalance its portfolio by increasing its debt exposure in form of pure debt and quasi debt. This will improve cash-flow for BDC.
