

# JICA' s Challenges for Regional Development in Africa

27 November 2015  
Eiro YONEZAKI  
Chief Representative  
JICA Côte d' Ivoire

Agence Japonaise de la Coopération Internationale

# Japan's Assistance Package for Africa at TICAD V

## Basic Policy

- **Boost the growth of Africa through trade and investment of private sector**
- **Promote the “Human Security” through Japan’s unique assistance**

**Japan will contribute to the growth of Africa, utilizing private and public means of up to approx. JPY 3.2 trillion (equivalent to USD 32 billion), including ODA of approx. JPY 1.4 trillion (equivalent to USD 14 billion) in 5 years (2013-2018).**

# 1. Boosting Economic Growth

## ● Trade and Investment

- ◇ Up to USD 2 billion by NEXI's trade and investment insurance
- ◇ Promote investment treaty negotiation
- ◇ Dispatch policy advisor on investment promotion to 10 countries
- ◇ Capacity building of 300 people in 20 countries to function OSBP (One Stop Border Post) and to facilitate regional trade

## ● Private Sector Development

- ◇ Assist private sector including USD 500 million co-financing with AfDB under the EPSA (Enhanced Private Sector Assistance for Africa)

## ● Natural Resources

- ◇ Provide USD billion of public finance by JOGMEG
- ◇ Capacity building of 1,000 people in natural resource industry

## **2. Accelerating Infrastructure and Capacity Development**

### **● Private Sector Development**

- ◇ Capacity building of 30.000 people for business and industry**
- ◇ Launch “African Business Education Initiative for the Youth: ABE Initiative,” inviting 1.000 people to Japan**
- ◇ Building TICAD human resource development centers for business and Industry at 10 locations for 25 countries**

### **● Science and Technology**

- ◇ Support research institute and universities including Pan African University(PAU), E-Just, through for 25 countries**

### **● Tourism**

- ◇ Host 10 tourism fairs by MOFA of Japan and JATA**
- ◇ Capacity building of 700 people in tourism industry**

## **2. Accelerating Infrastructure and Capacity Development**

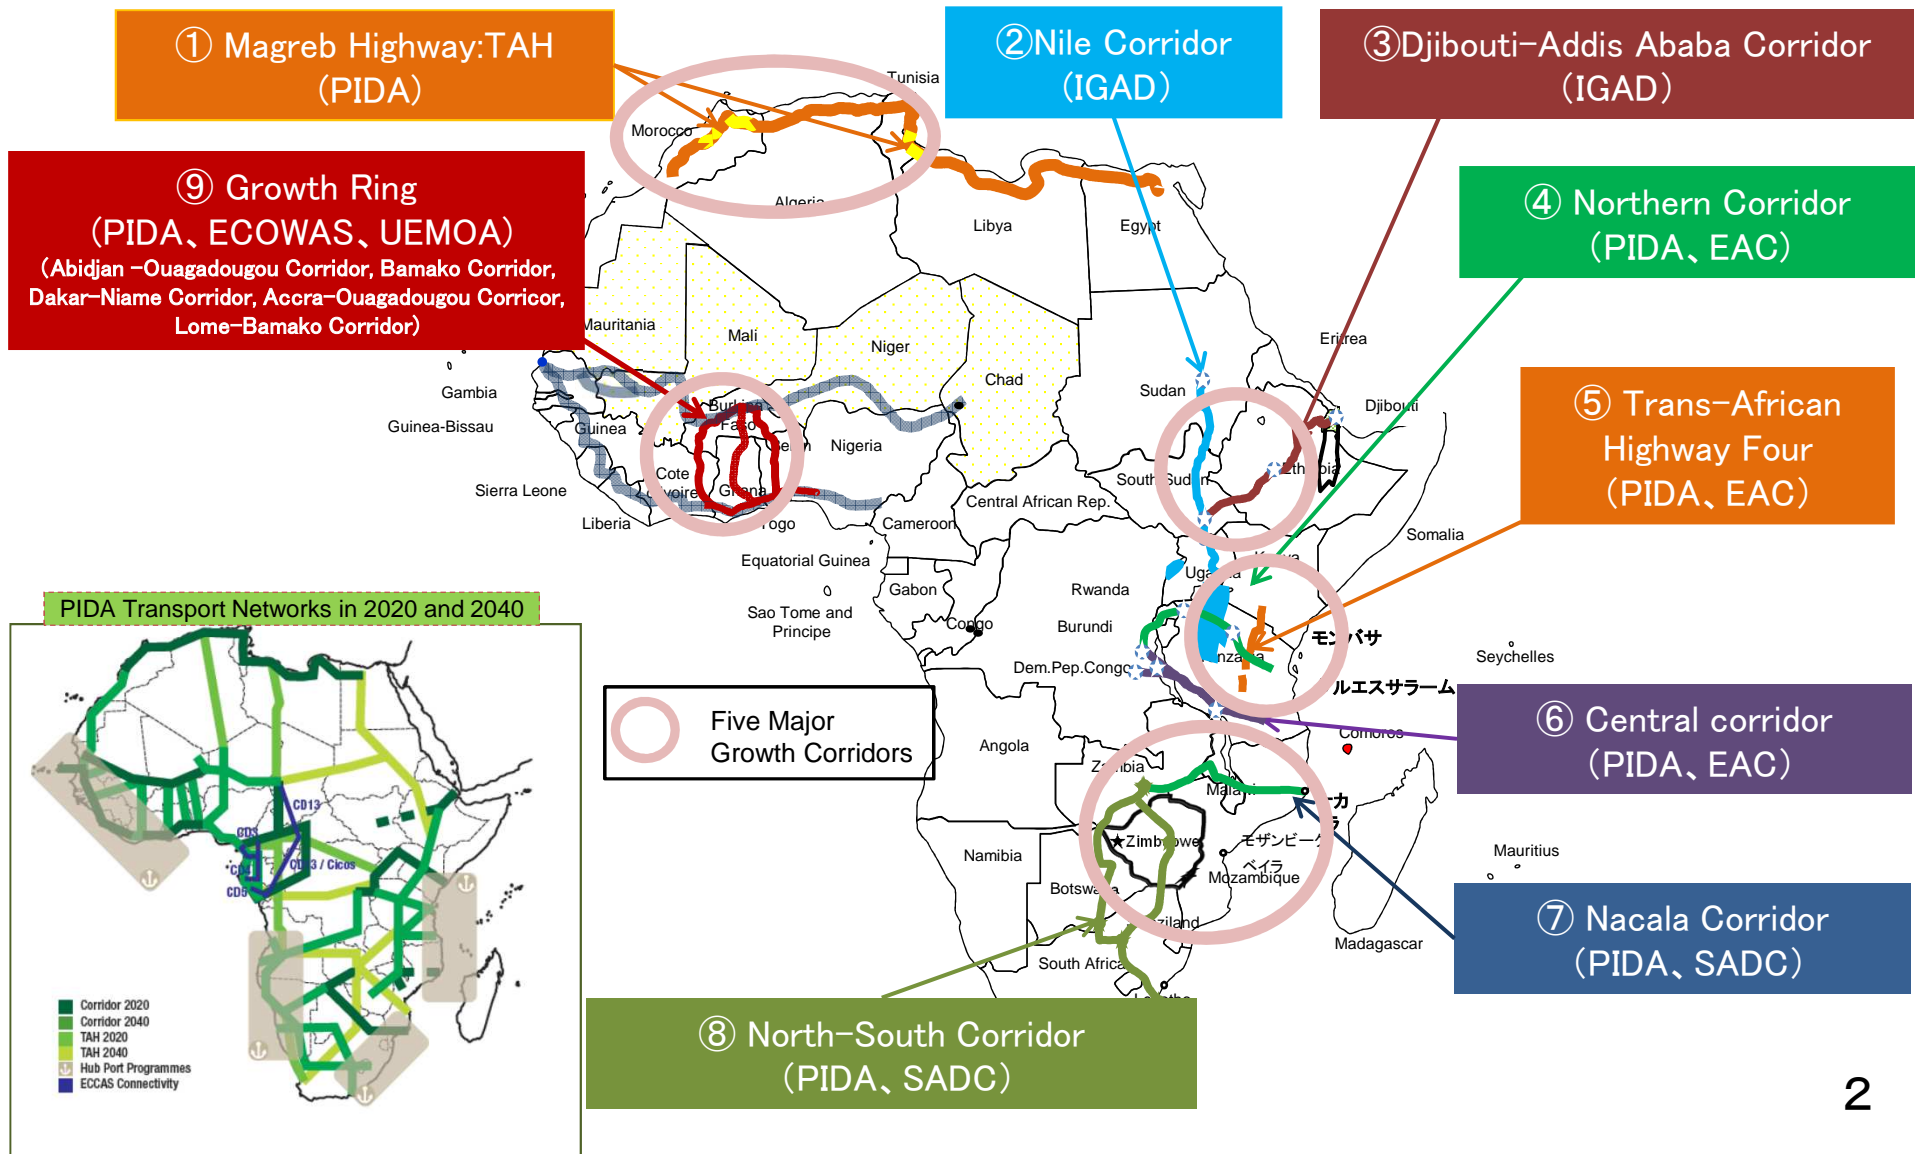

### **● Trade and Investment**

- ◇ Financial assistance of approx. JPY 650 billion  
(equivalent to USD 6.2 billion/ODA and JBIC loan) for Infrastructure**
  
- ◇ Support formulating 10 strategic master-plans for urban transportation  
/ infrastructure planning**
  
- ◇ Support development of 5 major growth corridors**

# Five Major Growth Corridor Developments

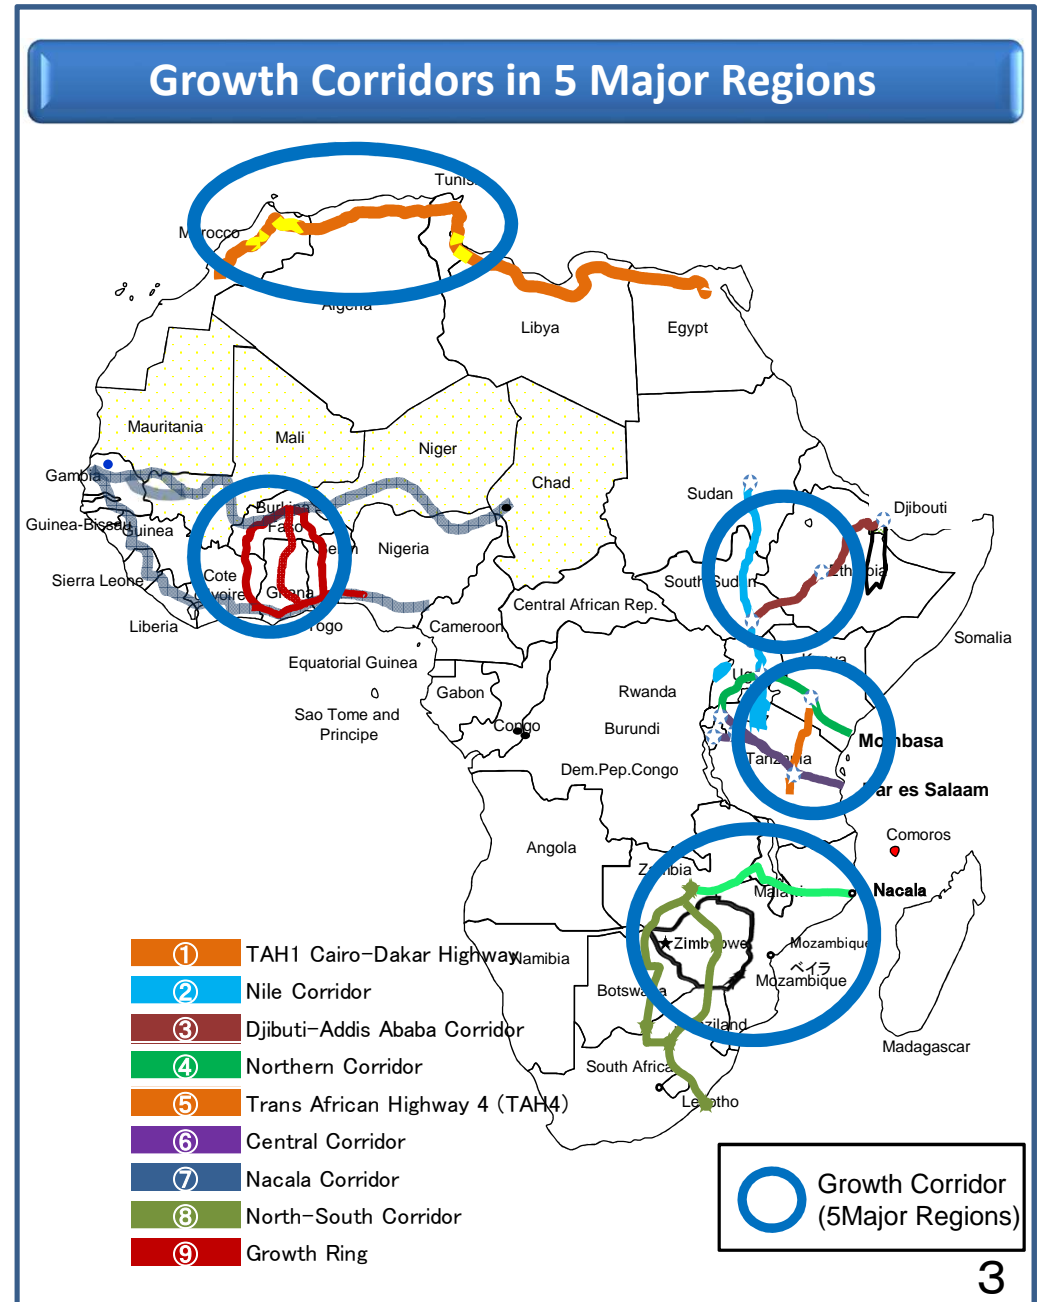

Support for backbone infrastructure development (including roads and ports) in at least 5 regions including comprehensive regional development along the corridors

# Growth Corridors in 5 Region/10 Strategic Master Plans

## Background of Corridor Development in Africa

- 16 out of 54 countries are landlocked countries
- 25 out of 54 countries have population less than 10 million
- Regional integration is expanding and deepening in recent years

# **Growth Corridors in 5 Major Regions**

**Develop backbone infrastructure and help solve impeding factors of trade and logistics for African economic development and FDI inflows.**

- 1. Develop ports and cross border facilities to enhance trade**
- 2. Formulate regional economic bloc led by RECs**
- 3. Assist in fostering peace and stability by strengthening interdependence with neighboring countries**

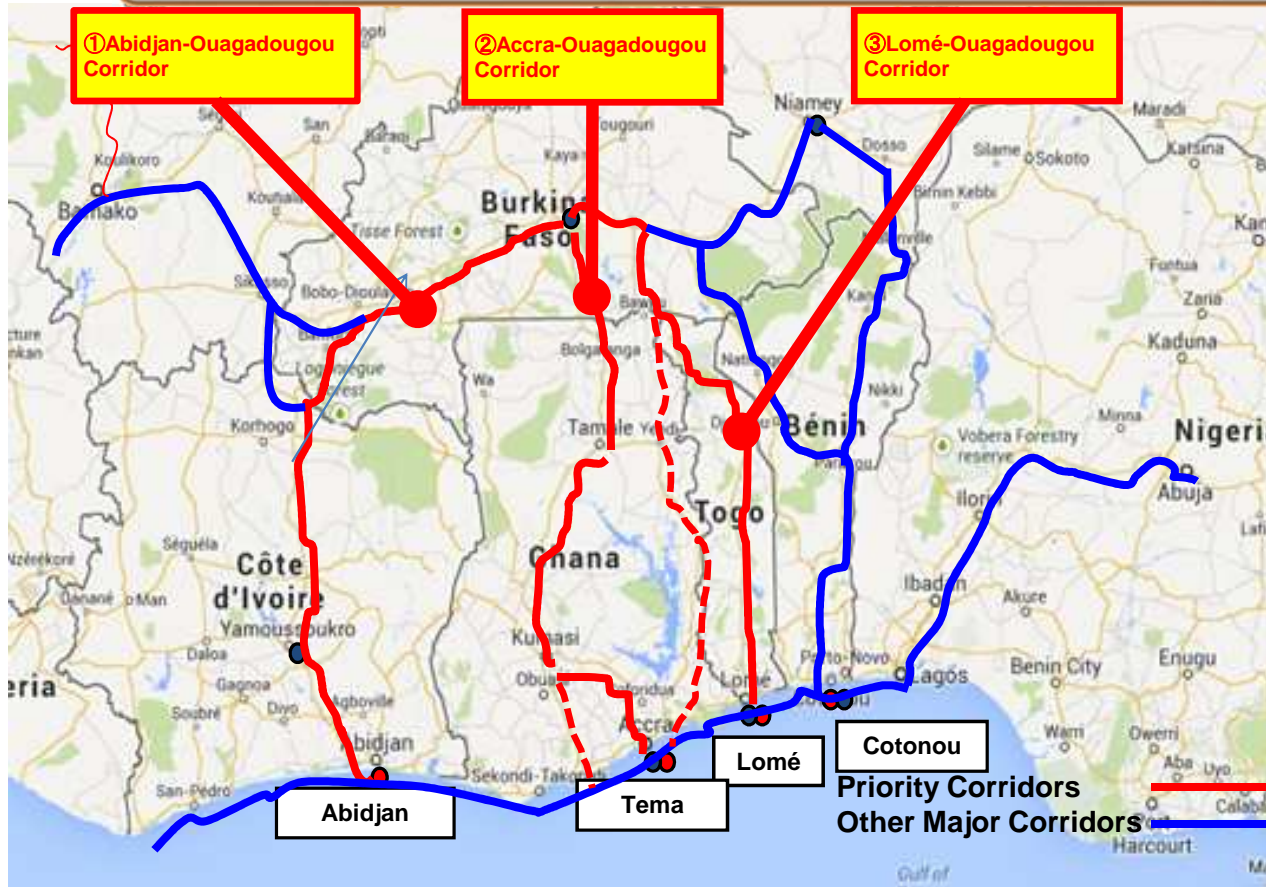

# 10 Strategic Master Plan

“Formulate 10 strategic master plans for urban transportation and infrastructure planning”

Source: Japan`s Assistance Package for Africa at TICAD V

**“Lack of infrastructure is a serious issue confronting companies seeking to expand into Africa.** Priority should thus be given to developing infrastructure, an area in which the strengths of the private sector, including Japanese companies, can be leveraged. Japan seeks to demonstrate its leadership in developing infrastructure by involving itself upfront at the master plan preparation stage.”

# Overview of the M/P: Corridor development for West Africa Growth Ring

## Growth Ring Zone

- ✓ Ghana
- ✓ Côte d'Ivoire
- ✓ Togo
- ✓ Burkina Faso
- + Neighbouring countries

## West Africa Growth Ring Corridor

- ① Abidjan-Ouagadougou Corridor
- ② Accra-Ouagadougou Corridor
- ③ Lomé-Ouagadougou Corridor

**M/P: Corridor development for West Africa Growth Ring 2015 –2016**  
**- Target years: 2025 for Middle Term / 2040 for Long Term -**

Objective	<p>① To formulate a Strategic Master Plan for corridor development of West Africa Growth Ring, consisting of the followings:</p> <ul style="list-style-type: none"> <li>- Sub-Regional Development Strategies</li> <li>- Corridor Development Plans (Integrated Development Plans for Corridor Infrastructures and Economic Sectors)</li> </ul> <p>② Skill and knowledge transfer to counterpart personnel in the four countries is conducted</p>	
Contents of the Study	Regional Development Plan	<ul style="list-style-type: none"> <li>✓ Study and evaluation of current situation and industrial potential within Growth Ring corridor area</li> <li>✓ Formulation of a regional development plan and study on the possibility of attracting investments by Japanese private companies</li> </ul>
	Logistics Network Plan	<ul style="list-style-type: none"> <li>✓ Study on transport demand forecast and bottlenecks of logistics network (along with the regional development plan)</li> <li>✓ Development of logistics/ infrastructure development plan and priority project list to promote the regional development</li> </ul>

Merci Beaucoup!!
