The Government of Angola (Government) has received funding from the African Development Bank (ADB) to cover the Science and Technology Development Project (PDCT) and intends to apply part of the agreed value of this financing in the hiring of one (1) expert in monitoring and evaluation for the provision of qualified technical assistance to Project Management Unit (PMU).

Some of the services under this contract include: (i) provide information that allows the management personnel to assess the implementation progress and make decisions in a timely manner following the rules of the Government and in accordance with the Government regulations and requirements of the Bank, (ii) check if the project activities are being carried out, if the services are being provided and if the project is driving at the desired behavior as the changes outlined in the proposal, taking into account the deadlines for each goal and step, (iii) prepare the annual work plan of the project together with the project management unit (PMU) and assist with the same actions institute in sub implementation, including monitoring and regular reporting on the progress of the implementation project...

The Science and Technology Development Project (PDCT) invites qualified individual consultants to indicate their interest in providing these services. Interested consultants must provide evidence of their qualifications (academic background, work experience, description of similar assignments, experience in similar conditions, etc.).

Qualifications and skills: Master's Degree in Evaluation Methods, Economics, or Business Administration.; At least 8 years of cumulative experience in Monitoring and Evaluation, Strategic Planning, Results Based Management; Proven experience in the monitoring and evaluation of projects funded by multilateral organizations; Proven ICT skills, especially in the development of Management Information System (MIS) and expertise in analyzing data using statistical software; Experience of developing M&E results frameworks and Plans, in particular for interventions within the context of education, vocational training and scientific research; Experience in qualitative and quantitative M&E approaches; Experience in delivering training on M&E and data analysis; Proficiency in Portuguese is mandatory; Fluency either in English or French; Knowledge in AfDB and/or WB Rules and Procedures will be an advantage.

The selection criteria are: a. Experience in Monitoring and Evaluation; b. Experience in qualitative and quantitative M & E approaches. The selection process will consist of two stages: Curriculum Vitae Evaluation and Interviews that will have weights of 75% and 25%, respectively.

The eligibility criteria, the shortlist establishment and selection process will be in accordance with "Rules and Procedures for the Use of Consultants" of the African Development Bank, May 2008 Edition, Revised in July 2012, which is available on the Bank website in http://www.afdb.org. Please note that interest expressed by a consultant does not imply any obligation on the part of the Ministry of Science and Technology to include him/her in the shortlist.

Further information can be obtained at the address below during office hours (08:30 to 15:30 hours).

Expressions of interest must be delivered to the address below (in person, or by e-mail) by June 8, 2017, not after 15:30 local time.
