The Government of the Republic of Namibia has received financing from the African Development Bank’s Technical Assistance Fund for Middle Income Countries toward the cost of The New Port of Walvis Bay Container Terminal Project, for the Logistics Master Plan and Capacity Building component. The MIC Grant financed component is for logistics and capacity building activities meant to complement the New Port of Walvis Bay Container Terminal Project. It is intended that part of the proceeds of this grant will be applied to eligible payments under the contract for the National Logistics Master Plan (Phase III) Study.

The service included under this project is the development of a National Logistics Master Plan. The fourth National Development Plan (NDP4) provides a basis for transforming Namibia into a regional leader in logistics as one of its priorities. NDP4 specifies that a Master Plan for the Development of an International Logistics Hub is to be established in order to make this vision a reality. The Master Plan study will provide a comprehensive logistics policy and a system development plan for Namibia with the target year of 2030. It will be a shared vision and a common implementation platform for the public and private sectors. The Study is expected to be conducted in 9 months, and shall include amongst others the following: addressing gaps emanating from the previous two phases, provide extension in terms of prefeasibility study on the identified projects and guide the implementation as well as monitoring of the Logistics Master Plan.

The Walvis Bay Corridor Group now invites eligible consultants to indicate their interest in providing these services. Interested consultants must provide information indicating that they are qualified to perform the services (brochures, capability statement on similar assignments, experience in similar conditions, availability of appropriate skills among staff, etc.). Consultants may constitute joint-ventures to enhance their chances of qualification.

Eligibility criteria, establishment of the short-list and the selection procedure shall be in accordance with the African Development Bank’s “Rules and Procedures for the use of Consultants”; is May 2008 Edition, Revised on July 2012, which is available on the Bank’s website at http://www.afdb.org.

Interested eligible bidders may obtain further information at the address below during office hours (08:00 – 13:00 and 14:00 – 17:00).

Expressions of interest must be delivered to the address below by 25 February 2015 at 12:00 pm and mention “National Logistics Master Plan (Phase III) Study”.
