ARAB REPUBLIC OF EGYPT

FEASIBILITY STUDY AND CAPACITY BUILDING FOR THE USE OF RENEWABLE ENERGY FOR PUMPING IRRIGATION WATER

AGRICULTURE AND AGRO-INDUSTRY DEPARTMENT (OSAN)

Financing Agreement reference: 5500155008603

Project ID No.: P-EG-AAC-017

The Arab Republic of Egypt has received financing from African Development Bank’s Technical Assistance Fund for Middle Income Countries (MIC-TAF) toward the cost of the Feasibility Study and Capacity Building for the Use of Renewable Energy for Pumping Irrigation Water, and intends to apply part of the agreed amount for this grant to payments under the contract for this study.

The services included: i) Preparing a Feasibility Study for the Use of Renewable Energy for Pumping Irrigation Water; ii) Two pilot areas of (20 Acres) includes design, supply and installation of Irrigation Pumps and a Renewable Energy Source mainly solar with other renewable source and/or diesel; iii) Provide/Support on the job training to the Ground Water Sector engineers. The estimated period for implementation is 24 months.

The Ministry of Water Resources and Irrigation invites eligible consultants to indicate their interest in providing these services. Interested consultants must provide information indicating that they are qualified to perform the services (brochures, description of similar assignments, experience in similar conditions, availability of appropriate skills among staff, etc.). Consultants may constitute joint ventures to enhance their chances of qualification. Consultants Must have at least one similar assignment completed during the last five years.

Eligibility criteria, establishment of the short-list and the selection procedure shall be in accordance with the African Development Bank’s “Rules and Procedures for the use of Consultants” dated May 2008 and revised July 2012, which is available on the Bank’s website at http://www.afdb.org.

Interested consultants may obtain further information at the address below during office hours 9:00 AM to 3:00 PM.

Expressions of interest must be delivered to the address below by 13 November 2016 at 12:00 hours and mention “[FEASIBILITY STUDY AND CAPACITY BUILDING FOR THE USE OF RENEWABLE ENERGY FOR PUMPING IRRIGATION WATER]”.
