Feasibility Study and Detailed Engineering Design

The Malawi Government has received financing from the African Development Bank toward the cost of the Malawi Trunk Roads Rehabilitation – Mangochi - Chiponde Road Feasibility Study And Detailed Design, and intends to apply part of the agreed amount for this loan to payments under the contract for feasibility study, detailed engineering design, and preparation of bidding documents of the rehabilitation of the Mangochi - Chiponde (M3) road.

The services included under this project are:
• feasibility study
• detailed engineering design;
• Preparation of bidding documents;

The assignment is expected to be completed within 6 months from the date of commencement.

The Roads Authority (RA) representing the Government of Malawi now invites eligible consultants to indicate their interest in providing these services. Interested consultants must provide information indicating that they are qualified to perform the services (brochures, description of similar assignments, experience in similar conditions, availability of appropriate skills among staff, etc.). Consultants may constitute joint-ventures to enhance their chances of qualification.

Eligibility criteria, establishment of the short-list and the selection procedure shall be in accordance with the African Development Bank's “Rules and Procedures for the use of Consultants” edition May 2008 (Revised July 2012) published by the Procurement and Fiduciary Services Department (ORPF) of the African Development Bank., which is available on the Bank’s website at http://www.afdb.org.

Interested consultants may obtain further information at the address below during office hours 0800 to 1600 Hours local time.

Expressions of interest must be delivered to the address below by 14th January 2015 at 15:00 hours and mention “feasibility study, detailed engineering design, and preparation of bidding documents of the rehabilitation of the Mangochi - Chiponde (M3) road”.
