REQUEST FOR EXPRESSIONS OF INTEREST  
(CONSULTING SERVICES) 
Country: Republic of Mozambique  
REOI. 12/ARAS/CONS/15  
PROJECT: BUILDING CLIMATE RESILIENCE OF LIMPOPO BASIN IN MOZAMBIQUE  
Procured Services: Public Private Partnership, Feasibility, Financing Strategy and Transaction Facilitation  

Grant No. 5700155002151  
Project ID: P-MZ-EAZ-002  

The Government of Mozambique has received financing from the Fund For African Private Sector Assistance, managed by the African Development Bank (the “Bank”) in the form of a grant toward the cost of the project: “Building Climate Resilience in the Limpopo Basin”. The Southern Administration for Water (ARA Sul), the Implementing Agency, intends to apply part of the agreed amount of this grant to payments under the contract Public Private Partnership (PPP) Feasibility, Financing Strategy, and Transaction Facilitation in the Limpopo Basin for the abovementioned project and for which this Request for Expression of interest is issued.  

The Building Climate Resilience in the Limpopo Basin Project is comprised of the following main components: (i) Pre-feasibility assessment of different climate resilience infrastructure options and decision making; (ii) Feasibility study of the preferred options; (iii) Environmental and social impact assessments of the preferred infrastructure options (iv) irrigation development Development Studies (v) PPP feasibility, Financing Strategy, and Transaction Facilitation for the preferred options; and (vi) Project Management Communication, Consultation and Monitoring of the project.  

The required service under this EoI is for Component V “PPP Feasibility, Financing Strategy, and Transaction Facilitation.” The broad objective of this assignment will be to provide the Government of Mozambique with the necessary advice and expertise on how to design, source, and structure the most suitable financing and transaction mechanisms for this project. This assignment will prepare and promote a Financing Strategy that includes the complex transaction advisory needs for the potential development and operation of the Mapai Dam, in addition to other investment options identified through the pre-feasibility process to improve the climate resilience of the Limpopo Basin in Mozambique. For instance, the dam will entail several income generating investment opportunities through “investment packages” that may be suitable PPP arrangements. The investment packages that are likely to be best suited for PPP are a hydropower scheme, irrigation development, and secondary economic benefits such as fisheries and tourism.  

The Southern Administration for Water (ARA Sul) now invites eligible consultants to indicate their interest in providing these services. Interested consultants must provide information indicating that they are qualified to perform the services (brochures, description of similar assignments, experience in similar conditions, availability of appropriate skills among staff, etc.). Consultants may constitute joint-ventures to enhance their chances of qualification.  

Interested consultants may obtain further information during office hours 07:30am to 03:30pm at the address below:  
Southern Region Water Administration (ARA-Sul),  
Samora Machel Avenue, nº 30, 6º floor,  
UEGA Office
