Swaziland
Mbabane - Manzini Corridor Dam Feasibility Study

Water and Sanitation Sector
Study ID No.: P-SZ-EAZ-001 and P-SZ-EA0-002

The Government of the Kingdom of Swaziland has been granted funding by the African Development Bank Middle Income Country Technical Assistance Fund and the African Water Facility towards the cost of the feasibility study for the Mbabane - Manzini Corridor Dam feasibility study project and intends to apply part of the agreed amount for these grants to payments under the contract for the Environmental and Social Impact Assessment.

The services included under this project are:

- Establishment of a Socio-Environmental Baseline.
- Socio-Environmental Scoping.
- Policy, Legislative, Regulatory and Administrative Considerations.
- Analysis of alternatives to the proposed project.
- Determination of the potential impacts of the proposed project.
- Formulation of Mitigation Measures.
- Preparation of Dam Safety Plans.
- Development of Environmental and Social Management Plan (ESMP).
- Development of a Resettlement Action Plan (RAP).
- Preparation of the ESIA Report.

The output of this component will feed into the findings of the main study to determine feasibility of the overall project. The study is managed by the Department of Water Affairs within the Ministry of Natural Resources and Energy and will be implemented over a period of 13 months after contract signature.

The Ministry now invites eligible environment consultants to indicate their interest in providing these services. Interested consultants must provide information indicating that they are qualified to perform the services (brochures, description of similar assignments, experience in similar conditions, and availability of appropriate skills among their staff, etc.). Consultants may constitute joint-ventures to enhance their chances of qualification.

Interested consultants may obtain further information at the email address below.

Expressions of interest in 3 copies (1 original and 2 copies), must be hand delivered in one sealed envelope to the address below or sent by Email by 14 October 2016 at 4.00 pm local time and clearly marked “The Mbabane - Manzini Corridor Dam Feasibility Study Project – ESIA Component”.
