GENERAL PROCUREMENT NOTICE

Republic of Mozambique
Ministry of Public Works and Housing
National Rural Water Supply and Sanitation Program (PRONASAR)

The Government of The Republic of Mozambique has received a loan amounting to UA 5.27 million and a Rural Water Supply Sanitation Initiative Trust Fund (RWSSI-TF) grant for Euro 6.00 million, from the African Development Fund to finance the National Rural Water Supply and Sanitation Program (PRONASAR) in Nampula and Zambezia Provinces of Mozambique.

The principal objective of this Project is to increase sustainable access to rural water supply and sanitation and contribute to satisfaction of basic human needs, improve well being and reduce rural poverty through increased access to water supply and sanitation services in both Nampula and Zambezia Provinces. The project will be implemented over a period of four years.

Procurement of Works, Goods and Services necessary for the execution of the Project shall be done by the Provincial Departments of Public Works and Housing in Zambezia and Nampula (DPOPH) and Direção Nacional de Águas (DNA), using the relevant procurement procedures and Standard Bidding Documents. All procurement of goods, works and services financed by the ADF loan will be in accordance with the African Development Bank Group’s “Rules and Procedures for Procurement of Goods and Works or, as appropriate, “Rules and Procedures for the Use of Consultants”. Bidding documents are expected to be available in March 2011.

The project has the following components:
1. Decentralized Planning Support, consisting of RWSS Master Plans; District monitoring; Equipment (national, provincial and district); databases at national, provincial and district levels, and staff

2. Capacity Building, consisting of Government staff training; Private sector training; and NGO capacity building

3. Rural Water Supply Infrastructure, consisting of Water points, wells and boreholes; Traditional and zonal; PEC; New and rehabilitated wells and boreholes; and Small piped systems

4. Rural Sanitation consisting of Hygiene and sanitation promotion; Demonstration centers and local artisan associations; Household investment in latrine development; Technical Assistance and Consultancies consisting of Technical assistance (national and provincial level); Outsourcing procurement services; Outsourcing external monitoring and PAF; Contract management consultancy; Procurement management consultancy; Technology options and business packages

5. Testing Alternative Options for Handpumps; latrines; supply chains; and implementation management models

6. Testing Alternative Options for Handpumps; latrines; supply chains; and implementation models
7. Program Management, consisting of Program management; annual Audit; Value for Money (technical audit); joint annual sector review;
