GENERAL PROCUREMENT NOTICE
THE REPUBLIC OF LIBERIA
LIBERIA ENERGY EFFICIENCY AND ACCESS PROJECT

1. The Government of Liberia has received financing from the following sources: a) African Development Fund (ADF) loan amounting of UA 9.42 million, (b) a Transition Support Facility (TSF) loan of UA 4.20 million, (c) a Nigeria Trust Fund (NTF) loan of UA 7.06 million, (d) an European Union – Africa Infrastructure Trust Fund (EU-AITF) grant of Euro 10 million (equivalent to UA 8.05 million ), and (e) a Global Environment Facility (GEF) grant of USD 2.64 million (equivalent to UA 1.86 million at the current rate of exchange), to finance the Liberia Energy Efficiency and Access Project (LEEAP).

2. The principal objective of this project is to increase and improve access to electricity and strengthen institutional capacity in the electricity sector through (i) expansion of transmission and distribution along the Roberts International Airport (RIA) corridor, and from Pleebo to Fish Towns; (ii) improving access to energy by the communities in the project areas; (iii) improving human and technical capacity in the energy sector; and (iv) contributing to the reduction of GHG emissions through an energy efficiency component.

3. The project’s main components are:
   - Infrastructure development including construction of Transmission, Distribution Lines and Service Connections, and substations;
   - Institutional Capacity development support to LEC/MLME/RREA/EPA, and Support to Vocational Schools
   - Project implementation and management, including engineering services.

5. Interested bidders may obtain further information, and should confirm their interest, by contacting the executing agency:
