1. The Government of the Republic of Mozambique (GoM) has received a loan from the African Development Fund to finance the Enabling Large Scale Gas and Power Investments in Mozambique Technical Assistance Project (ELSGAPI).

2. The main objective of ELSGAPI program is to provide technical assistance (TA) to the GoM in the development of three large PPPs in the energy sector through skills, expertise and competence development, to ensure large scale gas and power projects are developed in an equitable, transparent and optimized way for maximum national benefit.

3. The TA is targeted at creating and improving the required skills at four (4) implementing agencies, namely (i) The Ministry of Minerals Resources and Energy (MIREME), responsible for all up, mid and downstream activities related to minerals and petroleum and also a mandate to oversee the power sector; (ii) The Ministry of Economy and Finance (MEF), responsible for managing national development and deals with external finance and related projects; (iii) Electricidade de Mozambique (EDM), a public company responsible for generation, transmission, distribution and commercialization of electricity throughout the country and also at Southern Africa region; and (iv) Empresa Nacional de Hidrocarbonetos (ENH), a public company, with a mandate of adding value to mineral resources through participation in exploration, production, processing, transmission and commercialization of oil and gas in a sustainable manner.

4. Procurement of goods and/or works will be in accordance with the Bank's Rules of Procedure for the Procurement of Goods and Works. Acquisition of the services of Consultants will follow the Bank's Rules of Procedure for the Use of Consultants. Bidding documents are expected to be available in July 2016.

5. Interested bidders may obtain further information about the consultancy service for this TA, and should contact the respective address:
