GENERAL PROCUREMENT NOTICE

Kingdom of Swaziland

Lower Usuthu Smallholders Irrigation Project II
(LUSIP II)

GENERAL PROCUREMENT NOTICE

1. The Kingdom of Swaziland has applied for a loan from the African Development Bank to finance the Lower Usuthu Smallholders Irrigation Project (LUSIP) II.

2. The principal objectives of this project are to:
   - reduce poverty and to improve the standard of living of the smallholder farmers in the Lower Usuthu Basin by commercialization and intensification of irrigated agriculture from the subsistence farming currently practiced.
   - provide on-farm employment and non-farm employment annually.

3. Procurements under the Project shall include civil works related to the Main Conveyance System and Supervisory Control and Data Acquisition (SCADA) system (including software, software licences and equipment).

4. The Project comprises Component I: Main Conveyance System extension to supply bulk water to the Matata Block (5 m³/s conveyance capacity, 31 km long concrete lined canal or 2.6 m diameter 24 km long steel pipeline);

6. Interested bidders may obtain further information, and should confirm their interest, by contacting:
