

**KENYA**  
**THWAKE MULTI-PURPOSE WATER DEVELOPMENT PROGRAM**

**GENERAL PROCUREMENT NOTICE**

The Government of Kenya has applied for a loan from the African Development Fund to finance the first of four phases of the Thwake Multi-purpose Water Development Program.

The goal of the Program is to enhance water security. The objective is to increase water storage for rural and urban human consumption, for irrigation and livestock, and for hydro-power, with a principal focus on the semi-arid counties of Kitui and Makueni.

Phase 1 of the Thwake Multi-purpose Water Development Program comprises construction of 77 m high rockfill dam, one intake tower with three penstocks for hydropower, one draught outlet for water supply, one draught outlet for irrigation; one service spillway and one emergency spillway. Consulting services will be required for checking the design of the phase 1 works, for supervision of phase 1 works and for design of the phase 2 hydropower plant.

Studies for which additional consultancy contracts will be awarded include Emergency Preparedness study and Investment Opportunities study; hydraulic modelling, Operation study and Sediment Harvesting.

Procurement of goods and works shall be in accordance with Bank's Rules of Procedure for the Procurement of Goods and Works. Acquisition of the consultancy services will follow the Bank's Rules of Procedure for the Use of Consultants.

Interested bidders may obtain further information, and should confirm their interest, by contacting CEO Mr. Nicholas Muthui, Tanathi Water Services Board, P.O. Box Private Bag Kitui, E-mail: [info@tanathi.go.ke](mailto:info@tanathi.go.ke), [tanathisb@gmail.com](mailto:tanathisb@gmail.com) . Tel. +254 44-4422416, Telefax. +254 44 44 22108
