DEEP OCEAN WATER APPLICATIONS - DOWA

[Energy, Environment and Climate Change]
Project ID No: TFMS 713083

Sotravic Ltd has received financing from the Sustainable Energy Fund for Africa / African Development Bank (SEFA/AFDB) toward the cost of the Deep Ocean Water Applications project, and intends to apply part of the agreed amount for this grant to payments under the contract which will be placed by the SPV created to implement the project, Urban Cooling Ltd, for Offshore Design.

The services included under this project are:
**Offshore design:**
- design of the deep-sea water intake pipeline;
- design of the deep-sea water outfall.

The foreseen implementation period is December 2014 to March 2015

Urban Cooling Ltd now invites eligible consultants to indicate their interest in providing these services. Interested consultants must provide information indicating that they are qualified to perform the services (brochures, description of similar assignments, experience in similar conditions, availability of appropriate skills among staff, recent financial statements etc.). Consultants may constitute joint-ventures to enhance their chances of qualification.

Eligibility criteria, establishment of the short-list and the selection procedure shall be in accordance with the African Development Bank’s “Rules and Procedures for the use of Consultants” May 2008 edition, revised July 2012, which is available on the Bank’s website at http://www.afdb.org.

Interested consultants may obtain further information at the address below during office hours: 9:00 to 13:00. All emails have to quote the Project ID No.: “TFMS 713083” in their subject line.

Expressions of interest must be delivered to the address below by 3rd September 2014 at 12:00 and mention “DOWA – Offshore design - EOI”.
