1. The Government of Republic of South Sudan has received a grant from the African Development Bank (Fragile States Facility) to finance the Small and Medium Towns Feasibility Study and Detailed Design.

2. The principal objective of this project is to assist the Government of Republic of South Sudan (GRSS) to elaborate the development and management including costing of a water supply and sanitation program in eleven (11) small and medium sized towns. It will specifically support the feasibility study and detailed designs of the eleven (11) towns located within ten (10) states. An integrated approach shall be adopted for the Study in order to holistically address the challenges to sustainable provision of water supply and sanitation services and drainage development.

The study will be implemented under two (2) lots. Lot I of the study shall cover the following six towns located within the States in specified in parentheses:

i) Fangak (Jonglei),  
ii) Mbili (Western Bahr el-Ghazal),  
iii) Jikou (Upper Nile),  
iv) Leer (Unity),  
v) Ayod (Jonglei),  
v) Gokmachar (Northern Bahr el-Ghazal).

Lot II of the study shall cover five towns namely:

i) Tonj (Warrap),  
ii) Mundri (Western Equatoria),  
iii) Cueibet (Lakes)  
iv) Terekeka (Central Equatoria), and  
v) Kapoeta (Eastern Equatoria).

3. The project includes the following components:

i) Feasibility study capturing the various scenarios and options, cost estimates, and implementation programmes, for provision of water and sanitation services in the 11 towns;

ii) Detailed design for the eleven towns detailing the technical requirements, the financial and economic analyses and the institutional arrangements for the sustainable management of water supply, sanitation, solid waste and drainage development services in the eleven towns. An Environmental and Social Management Plan to mitigate any negative impact of the project and improved social wellbeing of the people in the project areas;

4. Procurement of goods and/or works will be in accordance with the Bank’s Rules and Procedures for the Procurement of Goods and Works. Acquisition of the services of Consultants will follow the Bank’s Rules and
Procedures for the Use of Consultants. Bidding documents are expected to be available in November 2013.

5. Interested bidders may obtain further information, and should confirm their interest, by contacting:

   Ministry of Electricity, Dams, Water Resources and Irrigation, *South Sudan, Juba*
