

# CIF TEAM AT THE AFRICAN DEVELOPMENT BANK

The CIF Coordination Unit of the African Development Bank is hosted in the Environment and Climate Finance Division of the Climate Change and Green Growth Department, whose goal is to manage the growing pool of climate and environment financial resources available within and outside of the Bank. The CIF Coordination Unit ensures that the Bank delivers on its reporting obligations towards the different CIF stakeholders, structures transactions, serves as the interface between CIF and all relevant departments within the Bank, oversees the implementation of the Bank's CIF portfolio, leads the development of a number of knowledge products and represents the African Development Bank in various fora.
