1. Are we required to submit as part of our tender CAK's Licence for installations
   ✓ This is not necessary. We refer to 6 additional and reconfigure the existing network

2. Are we required to be registered for NCA for such installations and if yes are we supposed to attach the certificates together with our bid?
   ✓ NO

3. Is this tender going to be divided into various firms or the entire tender shall be contracted to only one supplier?
   ✓ the entire tender shall be contracted to only one supplier

4. Can the tender closing date be extended by an additional 3 days to enable us to prepare the document adequately?
   ✓ NO

5. Considering that this bid has got several lots, are we supposed to submit independent bids for each lot or only one document shall serve the purpose.
   ✓ only one document shall serve the purpose

6. NVR model is needed for checking compatibility with the unified platform to be supplied. Unified platforms do not support all models of a particular product, particularly the aged model and the discontinued one.

   Analog CCTV System:
   ✓ This is not necessary. Refer to the ITB document. At the end the analog system will be converted to IP system.

   IP CCTV system
   ✓ MODE: ACTI XNR-4200 (ACTI Rack Mount Standalone Network Video) Recorder
   ✓ STORAGE: 2x2TB Hard Disk

7. Terminal configurations for push button and that of card reader are different. This means a card reader will use more than 2 cable strands unlike push button that uses only 2 strands. Hence new cabling is inevitable.
   ✓ The Bank expects the bidder to know the installation methodology to use (Radio Frequency, cabling…….)
   ✓ You have a fact, we want to change the push buttons by card readers

8. We are to supply an extra NVR, what if we can supply one NVR with 128 channels that will replace the existing?
   ✓ NO
   ✓ Refer to the Invitation to Bid.

9. In the schedule the cabling and conducting requirements for the extra cameras is missing.
   ✓ The Bank expects the bidder to know the installation methodology to use
   ✓ The Bank shared the information during the Pre-Bid meeting: The points where we want to install the 06 cameras are known and only 02 points are new.
