The Bank’s eligibility criteria, as defined in the aforementioned Directive, are set out in the RFP.

2. Procurement Ethics, Integrity, Anti-corruption and Fairness

2.1. It is the Bank’s policy to require it bidders/suppliers to observe the highest professional ethics in the award and execution of contracts. In pursuance of this policy, the Bank shall reject a bid if it determines that the bidder, or any of its staff, agent, consultant, subcontractor or service provider is directly or indirectly guilty of “corruption” or has engaged in “fraudulent”, “collusive”, “coercive” or “obstructive” practices in competing for the contract in question. These terms shall be as defined in the General Conditions and Contract Model. The Bank may also declare a bidder ineligible for participation in future procurement and award of contracts, for a stated period of time or indefinitely.

SECTON IV – TERMS OF REFERENCE

IDENTIFICATION OF OFFICE PREMISES FOR THE AFRICAN DEVELOPMENT BANK IN KIGALI (RWANDA)

INTRODUCTION AND CONTEXT

The African Development Bank wants to rent professional office premises to house its office in Kigali, Rwanda.

To this end, it is seeking the assistance of a real estate agency or a Landlord to provide adequate office premises in Kigali.

These terms of reference aim to provide detail of the requirements of the Bank to establish a contract with a reputable company specialising in real estate rental and management services or Landlord. The expectation of the Bank in relation to the Real Estate Agent or the Landlord are indicated in Section A and B below respectively:

In addition, any owner with a building meeting the criteria may submit a bid that will be duly considered as indicated in section B

A. PROPERTY REQUIREMENT

The surface area of the office space is estimated at between 560 and 670 m² to be located in the Kigali business administrative centre. These premises shall house the Country Office of the African Development Bank in Kigali, Rwanda. The Bank will not consider buildings with the surface area of less than 560 m²

B. SCOPE OF SERVICES (OFFER BY REAL ESTATE AGENT)

The scope of services to be provided by the real estate company, which will be selected, shall include the search, identification, preselection, evaluation and valuation of the properties. The Bank is interested in a high-quality property, including state-of-the-art building construction systems, good accessibility of premises and structurally adequate and environmentally friendly architectural designs. The aim is to provide AfDB staff members with a safe and supportive working environment reflecting the Bank’s identity, at a reasonable cost.

During the definition of its requirements, the Bank shall examine the following factors: (1) location and classification of the area (commercial, institutional or residential area, administrative area, area close to International Institution); (2) adequacy of the site security level; (3) availability of municipal infrastructure: water, sanitation facilities, telecommunications, electricity, housing, hotels, schools, etc.; (4) possibility of building or implementing safety, security and evacuation systems; (5) adequacy of space and capacity of the building or parcel in m²; (6) quality of the structure; (7) quality of the architectural and environmental designs; (8) sufficient parking space; (9) flexibility in the partitioning of space; (10) adequacy of the VSAT service facility; (11) adequacy for the installation of energy saving solution; (12) efficient and easy operation and maintenance of the building; (13) acceptance by the service provider or the owner of the Bank’s administrative requirements with respect to its rules and procedures; (14) possibility of obtaining building permits or occupancy permits; (15) possibility of obtaining land titles.
The Bank shall entrust to the recruited real estate agency specific missions in relation with its requirements. To this end, the agency shall take into account the needs of the Bank expressed in this document to enable it to successfully fulfil these missions. This information relates to the desired location area, the surface area, and technical installations related to the factors listed above. The missions of the real estate agency in this search are as follows:

- On the basis of the type of real estate sought by the Bank and criteria issued, the real estate agent will list the properties it has identified indicating the surface area, cost and geographical location;
- Submit the results of its search to the Bank, proposing at least the three (3) top Proposals received, in a detailed report that highlights the Bank’s criteria. The Bank shall reserve the right to choose the bid it has deemed acceptable; and
- Represent the Bank’s interests during entry inventories of the real estate property and submit reports to the Bank for signature.

In view of its needs for premises to house its office in Kigali, Rwanda, the Bank wishes to entrust a mandate and/or mission to a specialised service provider, which will consist in:

**Phase 1: IDENTIFICATION OF NEW OFFICE PREMISES**

- Identify potential properties with photos and other details. A target of at least three properties is required.
- Contact property owners/developers and advise of interest by Bank team to visit and inspect their properties in the near future.

**Phase 2: FACILITATE PROPERTY INSPECTIONS BY AfDB’S DUE DILIGENCE TEAM**

- Coordinate dates and times for inspections of identified properties by Bank team
- Provide Bank team with technical information of the properties to be visited, including anticipated rentals and dates of availability
- Accompany Bank team to view and inspect premises and guide the inspection process
- Coordination of due diligence and security check of identified premises. The Estate Agent must assist the Bank team to obtain proof of ownership and related documents on the property from the landlord or property developer.
- The Estate Agent must also assist the Bank team to conduct a security check of the property as well as its immediate surroundings.

**Phase 3: LEASE NEGOTIATION AND CONTRACT REVIEW**

- If selected, assist in drafting and/or finalizing the lease agreement. The attached lease agreement will serve as a basis for negotiation.

**Phase 4: SIGNING OF THE LEASE AGREEMENT**

- The Estate Agent will facilitate quick review and conclusion of the lease discussions between the Bank and the landlord, and produce minutes of all meetings to be signed by both parties.
- The Estate Agent will work with the landlord and the Bank to ensure that the Bank obtains a reasonable rent-free grace period (months) to facilitate fit-out of new premises.
Phase 5: OCCUPATION OF NEW PREMISES AND HANDOVER OF CURRENT PREMISES

Time frame – is dependent on availability of new premises for Bank’s occupancy

- Coordinate the disconnection of utilities such as electricity, gas, water etc at the old premises and connection/registration of utilities at the new premises. Contracts for the provision of utilities and/or maintenance of the building/technical equipment at the old premises are to be properly terminated.
- Coordinate dismantling, transportation and installation of equipment from old to new premises, under the Bank’s close supervision.
- Oversee handover of the property to the Bank’s entry into the new premises and the provision of keys etc
- Supervise the handover of the Bank’s current office premises to the current landlord and ensure all lease obligations are adhered to, including the handover of the premises, keys, etc to the current landlord.
- Ensure that any legal documents/obligations required to ensure smooth entry into new premises are provided and duly completed in accordance with local regulations.

FEES

In view of the foregoing, we request you to kindly submit your technical Proposal and agency fees, in accordance with custom in Kigali for the services requested.

This Proposal must specify, in accordance with the practice in the Republic of Rwanda, the number of rent months requested as agency fees in the event of choice of premises that meet the Bank’s criteria and signing of a lease contract between the two parties.

It should be specified that no site visit (office premises in a building, independent real estate property, building, villas etc.) shall give rise to any payment whatsoever from the Bank.

In this regard, the Bank specifies that the payment of agency fees will only occur in the event of signature of a lease contract between the Bank and one of the lessors for which your agency has served as intermediary for the identification of premises and facilitated the visit of the latter. To this effect, a service contract shall be signed between the Bank and your agency to facilitate your payment.

C. SCOPE OF SERVICE (OFFER BY THE LANDLORD)

In the case an offer is submitted directly by a landlord, the Bank will not pay fees. The property owner has the option of contracting the services of a reputable agent who will then engage with the Bank. In either case, the Bank will only deal with one party out of the two options mentioned above. The party that has the capacity to sign the contract will sign the lease agreement with the Bank.

Phase 1: IDENTIFICATION OF NEW OFFICE PREMISES
- Prepare photos and other details based on the property/properties that the landlord has available

Phase 2: FACILITATE PROPERTY INSPECTIONS BY ADB’S DUE DILIGENCE TEAM
- Coordinate dates and times for inspections of the proposed building by Bank team
- Provide Bank team with technical information of the properties to be visited, including anticipated rentals and dates of availability
- Accompany Bank team to view and inspect premises and guide the inspection process
• Provide the necessary information to facilitate the diligence and security check of the proposed building if selected by the Bank. The Landlord must demonstrate and provide proof of ownership and related documents on the property.
• The Landlord should facilitate the security check of the property as well as its immediate surroundings.

Phase 3: LEASE NEGOTIATION AND CONTRACT REVIEW
• If selected, finalize the lease agreement. The attached lease agreement will serve as a basis for negotiation.

Phase 4: SIGNING OF THE LEASE AGREEMENT
• The Landlord will be available for successful conclusion of the lease discussions between the two parties.
• The Landlord will provide a reasonable rent-free grace period (months) to facilitate fit-out of new premises.

Phase 5: OCCUPATION OF NEW PREMISES AND HANDOVER OF CURRENT PREMISES
Time frame – is dependent on availability of new premises for Bank’s occupancy
• Connection/registration of utilities at the new premises
• Allow the Bank’s entry into the premises and the provision of keys etc

For evaluation purposes, proposals that offer a satisfactory grace period will have their financial offers adjusted as follows:
For each month of grace period offered, the financial offer will be reduced by the amount of rent corresponding to the grace period offered.

Financial Proposals shall be evaluated using the following formula. The bidder or bidders with the lowest financial Proposal (Fm) will be awarded a score of 100 points. The financial scores of other bidders (F) shall be calculated as follows:

\[ Fs = \frac{100 \times Fm}{F} \]

(F = amount of the financial bid converted into the common currency).

C. FINAL CLASSIFICATION

\[ \text{Final Score (FS)} = Ts \times T\% + Fs \times f\% \]

D. POST-QUALIFICATION (Post-audit)

1. The Bank shall ensure that the Successful Bidder has the required qualifications to satisfactorily perform the Contract, in accordance with the provisions of this Request for Proposals. The Bank shall ensure, as described below, that no substantial change has occurred after the assessments that adversely affect the Successful Bidder’s ability to perform the Contract.

2. This shall focus on the Bidder’s financial and technical capabilities, and shall be based on a review of the supporting documents for the Bidder’s qualification, and on any other information deemed necessary and appropriate by the Bank, in particular compliance with the obligations relating to payment of social contributions, contributions to the pension fund, taxes (Certificate of tax regularity) or other compulsory contributions under the law of the country in which the bidder is established or in which the contract has to be performed. It may include contacting the customers provided as references by Bidders, field inspections and any other measures.

1.2.2 The Supplier declares that it aware of the Bank’s policies and rules and undertakes to comply with them, including the rules of origin and policies that apply to its suppliers as set out in the Code of Conduct on the Bank’s website.

1.2.3 The Supplier agrees that the Bank should verify the existence and accuracy of the aforementioned declarations and commitment by the Supplier. It undertakes to facilitate this verification and provide any useful document or information required by the Bank.

1.3 Performance of Contract

1.3.1 The Supplier must not assign, transfer or subcontract any of its obligations under this Contract without the prior, express and written authorisation of the Bank. The Supplier/provider shall be solely responsible for the performance of the Contact.

For the purposes of this Contract:

1.3.5

(i) “Corrupt practice” shall mean the offering, giving, receiving or soliciting, directly or indirectly, anything of value in order to influence improperly the actions of another party;

(v) “Obstructive practice” shall mean:

(1) Deliberately destroying, falsifying, altering or concealing of evidence material to an investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive or collusive practice; and/or threatening, harassing or intimidating a party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or
(2) Deliberately impeding the exercise of the Bank’s inspection and audit rights.

1.3.6 The terms of sale must be interpreted in light of the latest edition of INCOTERMS.

1.3.7 The Supplier shall be responsible for obtaining and/or renewing, at its own expense and within the required time, the authorisations, licences and permits required by the regulations and standards applicable or deemed necessary to ensure the performance of the Contract.

1.4 Environmental Protection

1.4.1 The Supplier shall ensure that the services performed under this Contract comply with the regulations in force on the environment, safety, human health and preservation. It must be able to justify compliance at any time during the performance of the Contract and during the warranty period, at the request of the Bank.

1.5 Financial Liability, Immunities and Applicable Law

1.5.1 Under the Contract, the Bank’s financial liability shall be limited exclusively to the amount of the Contract expected and accepted by the Bank.

1.5.3 Unless otherwise stipulated in the Contract, the latter shall be governed by French law.

1.6 Insurance

1.6.1 Prior to commencement of the work under this Contract, the Supplier shall obtain and maintain, at its own expense, for the duration of the contract, appropriate insurance coverage with appropriate loss limits for the contract, including any such insurance as required by the law of the country of incorporation or licence, and of the country where the work or service is to be performed. 1.8 Changes

1.8.1 The Bank may, at any time, in written order, make changes to the Contract or any part thereof, to the extent that they do not upset the contract economy and within the duration of the Contract.

1.8.2 If these changes result in any increase or decrease in the Contract amount and/or delays in the performance of the Contract, an equitable adjustment shall be made in the cost or schedule or both, and the Contract shall accordingly be amended. No change in, amendment of, or revision to this

**REFERENCE:** ADB/RFP/CHGS.1/2019/01

Contract shall be valid, without a written order signed by the duly authorised representative of the Bank.

1.8.3 The Bank and the Supplier may modify the provisions of the Contract by prior written agreement between the parties.

1.9 Taxes

1.9.1 The Bank shall be exempted from taxes and customs duties in accordance with Article 57 of the Agreement establishing the Bank. The prices quoted must therefore be net of charges, levies, taxes (including VAT), and customs duties imposed by or in application of the laws, statutes or regulations of an agency or governmental authority.

1.9.2 If the Supplier is unable to provide a quote or invoice net of applicable taxes, levies and duties, such taxes, fees and duties must be indicated on a separate line of the quote or invoice. In order to enable the Bank to obtain exemption from these taxes, levies and duties, the Supplier must provide all the necessary documents requested by the Bank.

1.10 Payment Terms

1.10.1 The Bank shall be bound to pay only for the services expressly indicated in the Contract.

1.10.2 The prices indicated in the quote submitted by the Supplier shall be deemed to be firm, complete and final and include all costs and charges ordinarily included in goods or services, relating to packing, storage, packaging, insurance and transport to the point of delivery and all other expenses necessary for the performance of the Contract.

1.10.3 For Contracts including maintenance services, the Supplier’s maintenance remuneration shall cover, in particular:

(i) the value of parts or components, necessary equipment or ingredients, and the cost of the labour assigned to them, including travel allowances; and

(ii) the expenses necessitated by changes to goods at the initiative of the Supplier after approval of the Bank.

1.10.4 Except otherwise provided in the Contract, payment must be made by bank transfer within thirty (30) days following receipt and acceptance of goods/services or receipt of a duly signed invoice, whichever is later. Invoices must be sent in duplicate (one original and one copy) to the address indicated in the Contract.

1.10.5 Invoices must carry the following information: Contract number, description of goods or services, quantities, address and account number where the payment is to be made, unit prices, agreed additional costs, total price, brand, model and serial number of the goods delivered. The invoice must also indicate the bank address and the account number where the payment is to be made.

1.10.6 All claims made by any of the two parties, the Bank or the Supplier/provider concerning the Contract or relating thereto in any way whatsoever, must be submitted within six (6) months after the expiry of the Contract.

Page 41 of 63
1.10.7 Except otherwise provided in the Contract, the Bank shall pay only for services rendered and goods received.

1.11 Inspection, Acceptance or Rejection

1.11.1 The Bank shall have thirty (30) calendar days from receipt of the goods or services ordered to inspect, accept or reject them if they do not comply with this Contract.

1.11.2 Rejected goods or services shall be returned to the Supplier. The costs of redirection shall then be borne by the Supplier or held by the Bank, at the disposal of the latter and at its risk and expense.

1.11.3 Based on the inspection of a valid sample, the Bank may reject all or part of the goods or services. If the goods delivered or services performed by the Supplier are found to be defective, the Bank shall have the right to require the correction thereof by the Supplier. The Bank may charge the Supplier for the cost of inspecting and re-inspecting the rejected goods or services.

1.11.4 The Supplier agrees that the Bank’s payment under this Contract shall not be construed as acceptance of any goods or services delivered under the Contract. Failure to reject the goods or services within thirty (30) days shall be construed as acceptance by the Bank. Acceptance shall not relieve the Supplier of its warranty obligations or liability for latent defects.

1.12 Warranty

1.12.1 The Supplier shall ensure that all the goods delivered under the Contract are:

(i) Strictly in conformity with the specifications, drawings, submitted and approved documents or other descriptions provided by the Bank;

(ii) In conformity with national or international technical, safety, health and environmental protection standards and recommendations;

(iii) Free from defects in materials and construction, and any design, manufacturing or other defect.

1.12.2 All warranties specified in this Contract shall be in addition to all other warranties, express, statutory or implied. These warranties shall survive after acceptance and inspection, and the payment made by the Bank. The Bank’s continued use of the goods or services after notifying the Supplier of their non-compliance or breach of the warranty clause shall not constitute a waiver of the Bank’s right to a remedy.

1.12.3 Except as otherwise provided in the Contract, all goods or services shall be covered by a warranty of at least twelve (12) months from the date of acceptance pursuant to Article 1.11. The Supplier must carry out all work, such as modifications and repairs necessary to comply with the terms of the Contract, or replace any part that would not comply with the terms of the Contract during the entire warranty period. All costs (including transportation, insurance) incurred under this obligation shall be the sole responsibility of the Supplier.

1.12.4 If the Supplier fails to meet the above requirements, the Bank may, after duly notifying the Supplier, take any action it deems necessary, at the Supplier’s expense.

1.13 Suspension

1.13.1 The Bank may, at any time, suspend the performance of this Contract or any part thereof for reasons of convenience, by written notification specifying the part to be suspended, the effective date and the anticipated period of suspension. The Bank shall not be responsible for the cost of further performance of the suspended part once the Supplier has received the order to suspend performance.

1.13.2 Suspension of the Contract shall not prejudice or affect the accrued rights or claims and the contractual obligations of any party to the Contract.

1.14 Termination

1.14.1 The Bank may terminate the Contract, in whole or in part, at any time and for its convenience by notifying the Supplier to this effect stating that termination is for the Bank’s convenience, the extent to which performance under this Contract is terminated and the effective termination date.

1.14.2 If the Supplier has abandoned the contract, repudiated it or has, without a valid reason, failed to commence or has violated any of the terms of the contract, the Bank shall notify the Supplier in writing describing the failure or violation and give the Supplier a reasonable opportunity to remedy the default within a period of at least three (3) days. The Bank may, by written notice, without prejudice to any other remedy, terminate the contract in whole or in part, if the Supplier fails to remedy the default within the specified period.

1.14.3 Notwithstanding Paragraph 1.14.2, the Bank shall have the right, at its sole discretion, to terminate the Contract for default without having to give the Supplier an opportunity for remedy, if the Supplier is in violation of Paragraphs 1.3.1 or 1.3.4 of the General Conditions, or if the Supplier is under legal redress, liquidation or has become insolvent.

1.14.4 If the Bank has failed to pay the Supplier any sum due under this Contract within the specified period, or if the Supplier is unable to carry out its obligations under the Contract for any reason attributable to the Bank, the Supplier may notify the Bank in writing of such breaches. If the Bank fails to remedy the situation within 45 days of receipt of such written notice, the Supplier may, by a further notice to the Bank, terminate the Contract forthwith.

1.14.5 Upon receipt of the termination notices provided for in Paragraphs 1.14.1, 1.14.2 1.14.3 or 1.14.4, the Supplier shall, either immediately or on such date as is specified in the notice, cease all further work under this Contract, except for such work as the Bank may specify in the notice of termination for the sole purpose of protecting that part of the goods delivered or services already rendered or except for any work required in order to leave the site in a clean and safe condition. Subject to Paragraph 1.14.6, the Supplier shall be entitled to be paid for the portion of the services that have been performed, including the price provided for in the Contract for goods already delivered or services already rendered, and reasonable costs, if any, incurred in leaving the site in a clean and safe environment. In case of partial
termination of the Contract, the Supplier shall continue to honour the non-terminated portion.

1.14.6 In the event of termination for default pursuant to Paragraphs 1.14.2 or 1.14.3, the Bank may, at its discretion and as it deems appropriate, procure goods similar to those not delivered. In this case, the Supplier shall be liable for any additional cost or damage caused to the Bank by the Supplier’s default. The Bank shall reserve the right to offset such damages and additional costs with any amount that the Bank may otherwise be required to pay to the Supplier.

1.14.7 In the event of termination for convenience pursuant to Paragraph 1.14.1 of these General Conditions, the Bank shall pay to the Supplier, in addition to the amounts payable under Paragraph 1.15.5, fair compensation not exceeding the total Contract, to compensate the Supplier for:

(i) the price, determined in accordance with the Contract, of services already rendered and accepted by the Bank, taking into account the discounts granted by the Supplier;

(ii) costs already incurred in the performance of the Contract terminated, including initial and preparatory expenses; and

(iii) the cost of settling disputes with and making payments to the Supplier’s contractors, subcontractors and lessors, following the termination of their underlying contractual commitments.

1.14.8 Termination of the Contract in whole or in part by the Bank shall not prejudice or affect the already accrued rights or claims and liabilities of either party to this Contract.

1.15 Audit

1.15.1 The Supplier shall agree to maintain, in accordance with generally accepted accounting principles and practices, the supporting documents of all amounts invoiced under this Contract.

1.15.2 The Supplier shall make the said supporting documents available to the Bank or its designated representative, for the auditing of this Contract, at all reasonable times, until expiry of a period of three (3) years after the date of the final payment.

1.15.3 Where an audit establishes that the Bank has overpaid the Supplier, the Supplier shall reimburse the Bank, within thirty (30) days after receipt of a written request to that effect, the amount of any such overpayment.

1.16 Penalties

1.16.1 Except as otherwise provided in the Contract, if the Supplier/provider fails to perform this Contract or any part thereof within the specified time stated therein, the Bank may, without prejudice to any other remedy under this Contract, deduct from the amount of the Contract, a sum equal to 0.1 % of the price of the delayed component for each day of delay until it is actually performed.

1.17 Liability–Compensation

1.17.1 The Supplier shall be liable for any damages recognised by the applicable law resulting from its negligence, delinquent acts or omissions or breach of the terms of this Contract or that of its employees, agents or subcontractors.

1.17.2 The Supplier shall bear the full financial consequences (including reasonable legal fees and expenses), of any material or bodily injury, including death, resulting from negligence, delinquent acts or omissions or breach of the terms of this Contract or of that of its employees, agents or subcontractors.

1.18 Intellectual Property and Confidentiality

1.18.1 The Supplier shall undertake to indemnify and relieve the Bank of any liability, claim, suit, action or judicial proceeding relating to a breach of intellectual property and in which the Bank is a defendant or co-respondent, resulting from the transfer or use by the Bank of all goods or services or part thereof acquired under this Contract.

1.18.2 The Supplier must assume all legal and financial consequences, in particular related to the Bank’s exercise of its rights, and must protect the Bank against any claim, action or prosecution.

1.18.3 If the Bank is prevented from using the goods or services supplied under this Contract, the Bank shall return the affected goods to the Supplier who must then refund the Bank for the price paid and for the cost of transportation, installation (if any) and all other costs relating to the procurement of the said goods or services

1.18.4 The Bank and the Supplier must not, during Contract performance or at any time thereafter, use or disclose any information of a restricted or confidential nature that it may be privy to during the performance of this Contract. The Supplier must inform its agents and subcontractors of the confidentiality obligations and security measures required for the performance of the Contract. He must ensure that his subcontractors comply with these obligations.

1.18.5 The Supplier shall not use the Bank’s name or emblem without prior express authorisation from the Bank.

1.19 Dispute Settlement

(a) the Lessor shall pursue all and every claim for which it may be indemnified under its insurance; and

(b) notwithstanding anything contained or implied in this Lease to the contrary, where the damage is caused by negligence of the Lessee or the Lessee’s personnel or contractors, the Lessee shall be required to repair or compensate the Lessor pursuant to this Lease or otherwise only to the extent that the Lessor is not entitled to receive indemnity under that insurance or has failed to insure the Premises in accordance with this lease or the insurer has become insolvent.

5. ABATEMENT OR TERMINATION OF LEASE ON DESTRUCTION OR DAMAGE

5.1(1) If during the term of this Lease the Premises or any part thereof are destroyed or damaged so as to render the Premises in the reasonable opinion of the Lessee’s Representative wholly or partially unfit for the Lessee to occupy, use or enjoy (including where damage to a fire exit or other part of the Building has made use of the Premises dangerous) then:

(a) the rent hereby reserved and all other moneys becoming payable by the Lessee under this lease after the date of such destruction or damage or a fair and just proportion thereof according to the nature and extent of the effect upon the Premises shall be suspended and cease to be payable until:

   i. the Premises have been rebuilt, reinstated and repaired so as to be fit for occupation, use and enjoyment by the Lessee; and

   ii. a further period has elapsed which is reasonable in all the circumstances to allow Lessee to carry out any necessary refitting out of the premises;

(b) the Lessee’s covenant to repair and maintain the Premises in good and tenantable repair shall cease and be suspended for so long as the Premises or part thereof are unfit;

(c) where to occupy, use or enjoy by reason of such destruction or damage:

   i. the Premises are wholly unfit for occupation, use or enjoyment and are likely to remain wholly unfit for not less than three (3) months from the date of the destruction or damage; or

   ii. the Premises are as a result of such damage or destruction, condemned as a dangerous building or structure by any authority having jurisdiction for such purpose, the Lessee may by one month’s notice in writing to the Lessor terminate this lease; and

(d) where the Premises are partially unfit for occupation or use and the Lessor fails to render them fit for occupation and use within a reasonable time in the opinion of the Lessee’s Representatives having regard to the extent and severity of the destruction or damage suffered, the Lessee may:
i. by one month’s notice in writing to the Lessor terminate this lease; or
ii. rectify the damage at the cost of the Lessor.

5.1(2) Any termination of this lease under this Clause shall be without prejudice to any rights or claims for damages which may have accrued to either party prior to that termination.

5.1(3) Where the Lessee’s negligence has contributed to a material degree to the destruction or damage, the Lessee may exercise its rights under sub-clause 5.1(1) only to the extent that the Lessor is entitled to be indemnified from insurance against loss resulting from that exercise unless the Lessor’s inability to gain such indemnity is due to its failure to insure in accordance with this Lease or insolvency of the insurer.

6. RESOLUTION OF DISPUTES:

6.1 The parties shall make every effort to resolve any disagreement or dispute arising between them under or in connection with this lease amicably by direct informal negotiation.

6.2 If after thirty (30) days from the commencement of such informal negotiation the parties have been unable to amicably resolve the dispute or difference, either party shall require that such dispute be settled by arbitration in accordance with the UNCITRAL Arbitration Rules as at present in force, by a sole arbitrator appointed by agreement of the parties. If the parties are unable to agree on the sole arbitrator, the London Court of International Arbitration (LCIA) shall act as the appointing authority. The arbitration shall take place in ................................ (Republic of ............). Any breach or default under this Lease by the Lessee prior to the giving of the notice shall, unless waived by the Lessor, be rectified by the Lessee before any extension of the term of this lease or grant of a new lease for another duration of three (3) years.

(b) The annual rent applicable to the extended term or renewal of the Lease shall be as mutually agreed by the parties. However, any periodic rent increase shall not exceed tree percent (3%) of the initial Rent.
7.2 If the parties are unable to agree as to the rental to be charged for such renewed term within fourteen (14) days the question shall then be referred by either party to arbitration in accordance with Clause 6 of this Lease, for final and binding determination of the rent.

8. HOLDING OVER

The monthly tenancy shall be at the same rent and subject to the same terms as are contained in this Lease.
