MONITORING AND EVALUATION CONSULTANT TO SUPPORT THE OPERATIONALIZATION OF THE MULTI DONOR GENDER EQUALITY TRUST FUNDD (GETF)

1. Introduction and background

Established in 1964, the African Development Bank is the premier pan-African development institution, promoting economic growth and social progress across the continent. There are 80 member states, including 54 in Africa (Regional Member Countries). The Bank’s development agenda is delivering the financial and technical support for transformative interventions that will significantly reduce poverty through inclusive and sustainable economic growth. In addition to providing finance, the Bank is Africa’s voice on global economic, financial and development issues, a role that has taken significant importance considering increasing global integration and interconnected risks. To sharply focus the objectives of the Ten-Year Strategy (2013 – 2022) and ensure greater developmental impact, five major areas, all of which will accelerate delivery for Africa, have been identified for scaling up, namely, energy, agro-business, industrialization, integration and improving the quality of life for the people of Africa.

The Vice Presidency for Agriculture, Human, and Social Development is a Sector Complex focusing on the Bank’s Ten-Year Strategy High 5s priority of “Feed Africa” and “Improve Quality of Life for the People of Africa”. The complex objectives are (i) to develop, policy and strategy; (ii) provide deep sector expertise to the Regions by gathering pool of experienced individuals who can be consulted to provide sector expertise on complex transactions; (iii) develop new financing instruments; (iv) the Vice President will act as the spoke person to represent the Bank with external stakeholders on aspects of “Feed Africa” and “Improve Quality of Life for the People of Africa”.

Within the Complex, the Gender, Women and Civil Society Department is designed to improve coherence and coordination across Complexes on Gender and Civil Society Organization issues. The Department ensures strategic priorities are reflected in resources allocation, enhances monitoring and management of performance, and strengthens the focus on results.

The Department also houses several special initiatives including the Affirmative Finance Action for Women in Africa (AFAWA), a flagship program of the Bank that aims to bridge the gender gap in access to finance and unleash women’s entrepreneurial capacity across the continent. AFAWA’s holistic approach focuses on 3 pillars: (a) access to finance, leveraging AfDB’s various instruments such as lines of credit, equity investments and risk sharing mechanisms, (b) technical assistance, to financial institutions as well as women entrepreneurs, and (c) policy dialogue to reform the legal and regulatory frameworks affecting women businesses.

2. Purpose and Scope of Work

The overall objective of the GETF is to contribute to improved gender equality and women empowerment in Africa. Through grants, the Fund will support the delivery of the Affirmative Finance Action for Women in Africa (AFAWA) programme component 1) and gender transformative lending and non-lending operations (component 2).

The Monitoring and Evaluation Consultant will be part of the GETF secretariat team responsible
for the day-to-day management of the implementation of the activities of the GETF. The Consultant will be based in Abidjan, Côte d’Ivoire, and work closely with the GETF Secretariat and AFAWA teams, under the supervision of the AFAWA Program Coordinator and the leadership of the Director, Gender Women and Civil Society Department.
